We certify that the puppy you purchase is in sound health at the time of the adoption to the best of our knowledge. We do our best to provide your family with a happy, healthy puppy. We warrant our veterinarian's health diagnosis for 14 days after the puppy leaves our care. We cannot control the exposure your puppy encounters after leaving here. Puppies sometimes stress when adopted and moved to their new home. This stress can be brought on due to the move, change of diet, too much handling, not enough quiet time, or not eating properly. This stress can bring on things that are dormant such as but not limited to; worms, ear mites, colds, hypoglycemia, coccidiosis, and giardiasis. These conditions are all treatable and do not warrant a replacement. There is no guarantee on the color or size of the puppy nor or as an adult.

The following stipulations must be adhered to in order for a replacement to be made. Official reports from two unaffiliated veterinarians stating that, without a doubt the puppy has a genetic defect that will cause a shortened life to the puppy, must be sent to us along with phone numbers of each vet. If the puppy should die, an autopsy MUST BE DONE by a licensed veterinarian stating the cause of the death. The documentation must be forwarded to us before a determination will be made.

The sellers reserve the right to confirm the diagnosis with a veterinarian of their choice. The seller will not be responsible for any expenses you may incur, including shipping and vet expenses. This warranty applies on to the original buyer. Puppy replacement or credit for future puppy only.

Any congenital abnormality or condition deemed to be the breeders' fault will be warranted for one year from puppies' birth, with a signed letter from the diagnosing veterinarian. This

guarantee will cover 100% money back or compromise to keep and recognizes original owners only.
